

Marco Aguiar—Paint List for ALL 3 Classes

Note: The list of paint below is what Marco has supplied for projects in this 3 class seminar. Please read his note below that is above the paint list.

For paint, I use Grumbacher Academy Acrylics. These paints can be purchased through the Chartpak website, Amazon, Blick, or even at your local Walmart. If you are painting online and do not or cannot acquire this paint, I have provided the closest conversions from DecoArt and Jo Sonja paints (see chart below). These shades may vary slightly as each company has their own proprietary formulas for their paint.

See you in class, and thanks again,

Marco
